

## WELCOME TO THE MENKES CLINIC

We believe everyone can have healthy youthful skin.

We make every effort to be available to our patients when they require and satisfy their skin care needs in one visit whenever possible. We offer a complete range of dermatology and cosmetic services from newborns to elderly—rashes to wrinkles. Our doctors and staff believe in on-going education and continual renewal of knowledge and skills.

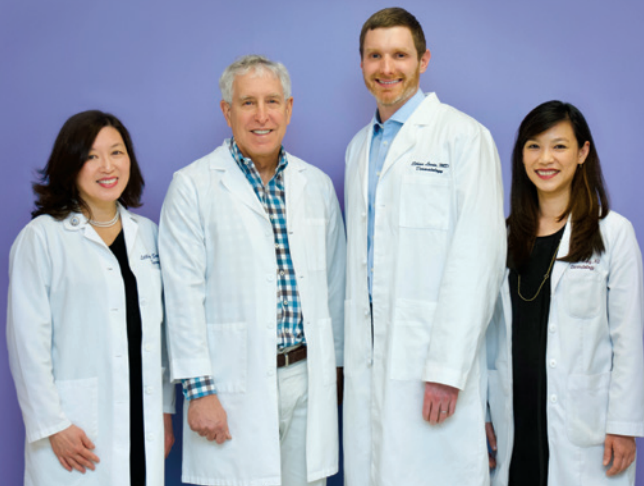

We specialize in treating skin disorders, skin cancer, and cosmetic concerns. We ensure the comfort of our patients by performing all of our surgeries under local anesthesia, which is safer and promotes faster healing. We combine the latest technological advancements in dermatology with our deep commitment to understanding the needs of our patients.

Lillian Soohoo  
MD, FAAD

Andrew B. Menkes  
MD, FAAD, FRCPC

Ethan Levin  
MD, FAAD

Krystle Wang  
MD, FAAD

*I had a mini facelift in June. It was painless and I noticed a difference just a week later. Now six months afterwards, I am so pleased with my results. I look natural and refreshed, and getting all kinds of compliments from friends. Worth every penny! Thank you Dr. Menkes and staff.*

– Elaine

*I could not believe the results of my laser resurfacing procedure. The results are beyond my expectations! The procedure was painless and quick. The staff is friendly, professional and efficient. I am thrilled!*

– Deborah
